DUE MANUAL – DUE MANUAL MATIC

Due Manual is a tractor pulled transplanting – mulching machine, which lays the film and transplants at the same time or it just transplants. It is equipped with an external frame with four wheels and with an internal frame, on which vertical transplanting elements equipped with cups are mounted. The two frames are independent from each other and are assembled together through a parallelogram system. The Due Manual – Matic is a self –propelled machine with an hydrostatic drive version equipped with automatic pilot.
