SLIDE ECO

SLIDE ECO is the emission-free electric drive harvester for baby-leaf. It is equipped with an electric engine with a power of 30 KW. Its battery has up to 16 hours autonomy. The charge takes 3 hours and it can be done with the 10A cable supplied with the machine and can be connected to a 220V outlet. The average life of battery is of 1.500 charges, that means 4 years of continuous work. Thanks to the differential and to several and sophisticated gears, can turn up to 75 degrees. The machine is equipped with a safety system to ensures even great safety. It consists on a pressure sensor assembled on the machine foot board, that, thanks to the operator weight, allows to turn the machine on or not on.
